MODERNICA LOS ANGELES™
BUBBLE LAMPS
DESIGNED BY GEORGE NELSON

CARE INSTRUCTIONS

In most settings the lamps can be cleaned with a feather duster or a soft cloth. If they become grimy, the process is a bit more complicated.

We suggest cleaning them with a mild soap solution (a little Ivory dish liquid in two quarts of lukewarm water, for example) and a soft cloth. To remove the soap, wipe with a clean, damp cloth and dry with a soft rag. Stronger solutions, like a glass cleaner containing ammonia, could discolor or damage the plastic coating.
